ALEA Provides Dadeville Update, and Asks for Public's Assistance

TALLAPOOSA COUNTY – The Alabama Law Enforcement Agency (ALEA) has confirmed that the total number of injuries has increased to 32 individuals injured during the shooting, which occurred at approximately 10:34 p.m. near the 200 Block of Broadnax Street in Dadeville, located in Tallapoosa County. The number of deceased individuals remains at four.

On Sunday, April 16, Special Agents with ALEA's State Bureau of Investigation (SBI), along with local and federal partners, established a Command Post at the Tallapoosa County Courthouse in Dadeville. Subsequently, they launched an extensive investigation using all available resources to process the scene.

After conducting a preliminary analysis of the evidence at the scene, as well as reviewing the information that has been received so far, Special Agents are still in the process of gathering and examining information relative to the sequence of events which ultimately led to the shooting. Special Agents did not recover any high-powered rifle ammunition at the scene; however, they did recover numerous shell casings used in handguns. Investigators are still processing all of the evidence, in conjunction with completing interviews, in an effort to solidify a motive and potential suspects.
